## WHY CHOOSE | HYPER SHREDDER

**Are you tired of piling up bulky cardboard boxes?** Want to cut disposal costs and turn your waste into an opportunity? HYPER SHREDDER is the perfect solution for any company looking to optimize space, time, and resources!

✓ **Eco-Friendly & Sustainable** – Reduce the volume of cartons by up to 90% and reuse them as packaging material. A concrete action for the environment!

✓ **Guaranteed Savings** – Less waste, lower disposal costs! Turn your waste into a valuable business asset.

✓ **Power & Reliability** – Ultra-resistant blades and a high-performance motor shred even the thickest cardboard in seconds.

✓ **Safety & Simplicity** – Compact design, intuitive operation, and maximum protection for operators.

Give your business a boost with HYPER SHREDDER – the shredder that makes recycling smart and cost-effective!

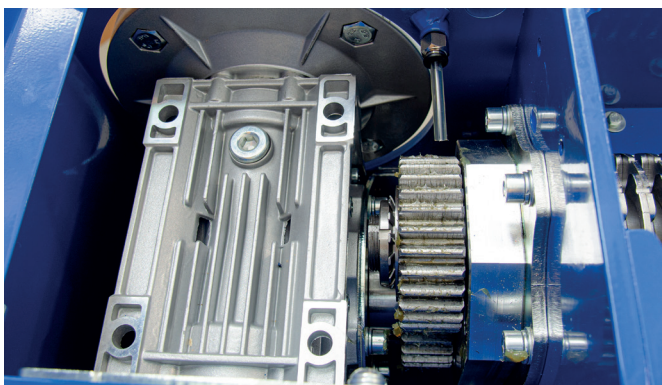

# THE ADVANTAGES OF HYPER SHREDDER

The only ones with an optional HEPA vacuum for dust collection.

- ✓ **Enhanced and oversized motor** to ensure maximum reliability and high performance even in the most demanding tasks.
- ✓ **Ultra-resistant special steel blades**, designed for long-lasting durability and consistently efficient cutting.
- ✓ **Compatibility with HEPA vacuum** for effective dust collection and a cleaner work environment.
- ✓ **Hardened, ultra-resistant gears**, ideal for handling heavy workloads without compromise.
- ✓ **Simple and intuitive operation** thanks to the two-position switch (ON/OFF), for immediate and safe management.
- ✓ **Monoblock frame structure** for greater stability, solidity, and long-term durability.
- ✓ **High production speed** to optimize the shredding process and increase operational efficiency.
- ✓ **High-performance bearings**, designed to withstand high radial loads and ensure greater longevity.
- ✓ **Reinforced transmission** with upgraded shaft and belt for superior robustness and uninterrupted operation.
- ✓ **Lubrication nozzle**, allowing easy greasing of gears for quick and effortless maintenance.
- ✓ **Large wheels** with parking brake for easy movement and perfect stability during use.
- ✓ **Inspection window** for quick blade checks and more efficient maintenance.
- ✓ **Cleaning door** with safety device, allowing access to the blades in total protection and keeping them in perfect condition.
- ✓ **Industrial powder coating**, resistant to scratches and wear, ensuring long-lasting durability and impeccable aesthetics.
- ✓ **Blades and gears treated with anti-wear technology** to guarantee high performance and superior reliability.
- ✓ **Compliance with current regulations** for safe use and full adherence to industry standards.

# DIFFERENT CUTS

## ELASTIC NET STRIPS CHIPS

### HYPER SHREDDER CARDBOARD SHREDDER: TURN YOUR WASTE INTO A RESOURCE!

HYPER SHREDDER cardboard shredders convert used or unusable cardboard into practical and effective packaging material, reducing waste of time and money!

✓ **NET Version:** Generates an elastic cardboard net that perfectly adapts to any type of packaging, providing optimal shock protection.

✓ **STRIP Version:** Transforms your waste into long cardboard strips, ideal for special packaging applications such as the medical sector. Also perfect as an eco-friendly alternative to straw in animal bedding.

✓ **Cardboard Chips:** A great solution to replace polystyrene packing peanuts, making shipments more sustainable and efficient.

**Choose HYPER SHREDDER and make your packaging more cost-effective, eco-friendly, and efficient!**

## HYPERSHREDDER 500

The **HYPER SHREDDER** industrial cardboard shredders transform used cardboard into Elastic Net, Strips, or Chips, making packaging more practical and eco-friendly.

- **Motor 3 HP Single-phase or 5 HP Three-phase**
- **Production up to 10 m³/h – High production**

MIKEA® presents the **HYPER SHREDDER 500**, a professional, compact, and economical solution to optimize space and reduce waste.

- **Transform your cardboard into effective and sustainable packaging!**

Thanks to the **dedicated dust extractors** (optional), the dust is directly sucked from the cutting chamber and directed into the bin, preventing dispersion into the air and keeping the work environment cleaner and safer.

**HYPER  
SHREDDER**

**All HYPER SHREDDER models are equipped with a connection for dust extraction systems.**

**Junior 303 Inox**

Motor: 1x1000W

Tank: 27 l.

Recommended for HyperShredder 299 / 320

**Junior 421 Inox**

Motor: 1x1000W

Tank: 62 l.

Recommended for: HyperShredder 400 / 500

**Junior 429/423 inox**

Motor: 2x1000W

Tank: 62 l.

Recommended for: HyperShredder 500 / 700

### ATTENTION:

The Hyper Shredder 299, 320, 400 Smart, 400 Net, and Strips versions do not include legs and wheels (available as optional).  
The Hyper Shredder 500, 700 Net, Strips, and Chips versions include legs as standard, while wheels are optional.

## 299 SERIES

**SINGLE-PHASE  
1 HP MOTOR MAX  
APPROXIMATELY 2 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**

## 320 SERIES

**SINGLE-PHASE  
1 HP MOTOR MAX  
APPROXIMATELY 2 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**

## 400 SMART SERIES

**SINGLE-PHASE  
1.5 HP MOTOR  
APPROXIMATELY 3 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**

## 400 SERIES

**SINGLE-PHASE OR THREE-PHASE  
3 HP MOTOR  
APPROXIMATELY 6 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**

## 500 SERIES

**SINGLE-PHASE OR THREE-PHASE  
3 HP OR 5 HP MOTOR  
APPROXIMATELY 10 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**

## 700 SERIES

**SINGLE-PHASE OR THREE-PHASE  
4 HP OR 7 HP MOTOR  
APPROXIMATELY 15 M<sup>3</sup>/H PRODUCTION  
12 MONTHS WARRANTY  
100% MADE IN ITALY**
